

## **COVID-19 STATEMENT**

LAMEX is vigilantly monitoring the COVID-19 situation around the world and have contingency plans in place to ensure, as far as practically possible, continued delivery of all products across the globe. As this pandemic evolves, LAMEX would like to assure you that we can and will actively respond to developments. We have implemented all recommended health and safety procedures across our offices and supply chains globally, and we have a business continuity plan in place.

Our priority is the safety and wellbeing of our colleagues, clients and associates, along with our ability to ensure continuity of our business. Currently, operations across LAMEX globally continue uninterrupted.

Should future events dictate a closure of any of our offices, all staff are equipped to work remotely without compromising security, availability or efficiency.

We are mindful that our customers and suppliers will also be faced with potential disruptions and uncharted challenges. LAMEX are committed to working collaboratively to assist our clients in overcoming these issues.

We will continue to offer unrivalled customer service, world class commercial expertise and our specialised distribution solutions. Please do not hesitate to contact a member of the LAMEX team for further information.
